Legacy

PERFORMANCE COACH

Mayfair, Dec 22, 2020 ([IssueWire.com](https://www.issuewire.com)) - I'm a former professional athlete that is now a performance coach that takes people's lives from ordinary to extraordinary. I help people to become self-aware and authentic so they can walk in their gift and create a legacy. I demand excellence and inspire the extraordinary so they can make history.

Welcome to the Leicestershire CCC ADVanced Insights Assessment

- Complete the assessment in one sitting
- Please answer as honestly as you can
- Try not to overthink your answers too much, trust your instinct
- Avoid any distractions & complete the assessment alone

- Be absolutely authentic to yourself
- Answer the questions based on what you believe, not what society or laws suggest but what you believe to be true
- We are looking for what you feel the correct order should be not what the rules/status quo suggest

I look forward to providing you with the feedback
