

Richard Larew, MD, Founder of Larew Internal Medicine

Get to know Internist Dr. Richard Larew, who serves patients in Iowa City, Iowa.

New York City, Nov 19, 2020 ([Issuewire.com](https://www.issuewire.com)) - As the appeal and affordability of concierge medicine grows nationwide, Dr. Richard Larew continues to welcome patients at Larew Internal Medicine, the first membership medicine practice in Iowa City, Iowa.

“Now, more than ever, patients are seeking prompt, caring attention and a meaningful connection with a physician they trust,” says Dr. Larew. “Being available to my patients and offering them all the time they need to address each question and concern is undoubtedly the greatest benefit of concierge medicine. I can take a truly holistic approach to patient care and go beyond current symptoms to discover what keeps them up at night, what’s going on in their family life, and turn the emphasis to their long-term wellness.”

His concierge practice features a much smaller patient panel, allowing time for unhurried, extended visits, same-day appointments for acute illness and personal admittance at Iowa City Mercy Hospital if hospitalization is needed. Additional benefits for patients include travel medicine consultations, telemedicine visits upon request, an ongoing virtual education series for patients and community, and a strong focus on preventive medicine for long-term health and wellness. After hours, patients are able to reach Dr. Larew directly on his cell phone for immediate guidance and advice, a benefit shown to significantly reduce the need to visit the emergency room or be admitted to the hospital.

It was one of the key reasons long-time Iowa City patient SF unhesitatingly enrolled as a member when Larew Internal Medicine opened its doors in 2018. “I’ve been a patient of Dr. Larew for 25 years and greatly respect his expertise and knowledge,” he says. “There’s real comfort in knowing I can now contact him with an urgent issue after hours and receive immediate answers.”

An integral part of the community’s healthcare for almost three decades, Dr. Larew strives to provide excellent care that is compassionate and patient-focused. “My practice philosophy is to provide the best care to every single person who walks in the door and treat every patient with the utmost respect,” he says.

Dr. Larew attained board certification in internal medicine through the American Board of Internal Medicine (ABIM). The ABIM is a physician-led, non-profit, independent evaluation organization driven by doctors who want to achieve higher standards for better care in a rapidly changing world. Internal medicine is the medical specialty dealing with the prevention, diagnosis, and treatment of adult diseases. Physicians specializing in internal medicine are called internists. They manage and prevent common and complex diseases by providing comprehensive care and promoting overall well-being.

He earned a Bachelor of Science degree with Honors from the University of Iowa in 1978. Four years later, in 1982, Dr. Larew earned his medical degree from Roy J. and Lucille A. Carver College of Medicine. He performed his internship and residency in internal medicine at the Medical College of Wisconsin. Previously, Dr. Larew practiced at Mercy Towncrest Internal Medicine (2016 - 2019), Towncrest Internal Medicine (1990 - 2016), Arnett Clinic in West Lafayette, Indiana (1989 - 1990), and Harwood Medical Clinic in Milwaukee (1985 - 1989). In 2018 he worked with [Specialdocs Consultants](#) to launch Iowa City’s first concierge medicine practice.

“We are honored to support Dr. Larew’s commitment to introducing this unique practice model in his community,” says Specialdocs CEO Terry Bauer. “The ability to offer deeply personalized care, inspired by the unshakeable bond between dedicated physicians and their patients, has never been more

needed.”
