

Sonia Montgomery, RN, BSN, a Registered Nurse with Medical City Las Colinas

Get to know Registered Nurse, Sonia Montgomery, who serves patients in Irving, New Mexico.

New York City, Nov 12, 2020 ([Issuewire.com](https://www.issuewire.com)) - Sonia is a registered nurse specializing in hospice care, cardiac care, and medical-surgical nursing. She serves as the Director of Surgical Services at Medical City Las Colinas in Irving, Texas.

Medical City Las Colinas, built in 1997, is a 100-bed full service, acute-care facility offering a wide range of services to the community and families it serves. The providers take pride in offering customer conveniences and state-of-the-art technology to exceed patients' expectations by providing an aesthetically pleasing environment and amenities such as: private rooms, concierge service, cable television, wireless internet access, and an executive chef.

At the start of her academic career, Sonia graduated with her Bachelor of Science in Nursing degree from Liberty University. She also holds an Associate of Science in Nursing degree from Grayson College.

A Registered Nurse (RN) is a nurse who has graduated from a nursing program and met the requirements outlined by a country, state, province or similar licensing body to obtain a nursing license. RNs fulfill a variety of job duties. In addition to their primary role in treating and caring for patients, their responsibilities also include educating patients and the public about a variety of medical conditions, as well as providing emotional support and advice to the families of their patients. Other RN job functions include leadership, research, performing diagnostic tests and analyzing results, operating medical equipment, administering medications, recording patients' symptoms and medical histories, and assisting with patient rehabilitation and follow-up.
