

Tax Deed Buyer releases new report ordering function

Tax deed investors have title searches, property inspections, and AVM/MLS comps at their fingertips.

TAX DEED BUYER

Missoula, Nov 9, 2020 ([Issuewire.com](https://www.issuewire.com)) - [Tax Deed Buyer](#) is pleased to announce the addition of a report ordering function to its platform. These reports will further enhance the capability of Tax Deed Buyer in providing everything investors need for due diligence, as well as allow investors to take advantage of the volume discounts afforded to Tax Deed Buyer.

The additional reports include:

- Property Inspections - Current pictures and external inspection report
- Current Owner Title Search – Standard title search completed in most real estate transactions
- Municipal Lien Report– Municipal fines that survive many tax deed auctions but do not show up on traditional title searches
- PropertyScope Report – Detailed property report including current market trends, MLS comparable listings and recent sales, detailed environmental report data, involuntary liens and more.

“Tax deed investors need more than just your typical, baseline property data,” said Brian Seidensticker, CEO of [Tax Sale Resources](#) “So, we added the ability to order a variety of additional reports to enhance investor’s research capabilities within the platform.”
