

The Pride Empowerment Network Conference Debuts Dec. 19, 2020

A first-of-its-kind virtual event aiming to support, uplift, and empower children and adults of all ages

New York City, Nov 10, 2020 (Issuewire.com) - Hosted by Kyleata Orta, Ambition Harper, and Cedric Riley, The Pride Empowerment Network Conference aspires to reach and motivate the 444,000 youth in America's Foster Care System. A first-of-its-kind virtual event aiming to support, uplift, and empower children and adults of all ages, encouraging fellowship, advocacy, and holiday cheer.

On Dec. 19, 2020, the first-ever Pride Empowerment Network Conference unites young men, women, and adults from all over the country in a safe virtual environment to discuss hot-button issues plaguing underserved communities. [Kyleata](#) has over a decade of experience in Positive Youth Development and has taught at the University of Maryland. [Ambition](#) is an influential poet who uses his masterful art of storytelling to uplift the community. [Cedric](#) is a Childcare Worker, Television Host, and Motivational Speaker.

In the middle of an ongoing pandemic paired with the holiday season, the Pride Empowerment Network Conference aspires to be a virtual haven for those in distress during the holidays. Whether experiencing economic setbacks from COVID-19, having limited time or resources to visit their families or a child in Foster Care, the conference will provide uplifting activities and motivational discussions for all in attendance.

From the age of 7, Cedric lived through various placements in the Foster Care system before being adopted as a teenager. As a result, Mr. Riley shares a story of endurance, passion, and dedication to positively impacting the world. In 2007, he began speaking to the youth and families to inspire his community and has completed over 100 speaking engagements. Says Riley: *"There are over 400,000 children in the Foster Care System today, and my mission is to motivate every single one of them!"*

Topics of live discussion will include the history of Foster Care, Drug Awareness, Sex Education, Personal Protection, Hygiene, and Financial Literacy. This unique conference will provide entertainment in several areas of the arts. Through this dynamic way of engaging the audience while addressing critical self-development areas, attendees will leave the conference feeling supported, uplifted, and encouraged. Sponsors of the event will know that all in attendance have received a powerful and timely message from a diverse team of people who have persevered through formidable obstacles.

Further services will continue for any attendees interested in pursuing them, including access to Mr. Riley's [Seminar Soundtrack](#). Cedric created this motivating soundtrack as a framework tool for agencies and parents to use, simulating life-lessons, offering encouragement and motivation along with a safe space to share personal experiences. Other merchandise will be available for purchase during and after the event.

For ticket information and additional details, visit The Pride Empowerment Network Conference or contact cedricspeaks@gmail.com.

The Pride Empowerment Network Mission:

We aspire to assist youth and families, especially those impacted by the Child Welfare system, to greater achievement levels. With over 444,000 in foster care across the nation and more than half of that number comprised of at-risk young adults, we aim to reach each individual with a clear message of hope, support, and motivation.
