

Abedrazik Eisa, MD, a Psychiatrist with North Hills Health Center - Specialty Clinics

Get to know Psychiatrist Dr. Abedrazik Eisa, who serves patients in Menomonee Falls, Wisconsin.

New York City, Dec 3, 2020 ([IssueWire.com](https://www.issuewire.com)) - Dr. Eisa is a respected psychiatrist at North Hills Health Center - Specialty Clinics in Menomonee Falls, Wisconsin. He treats diseases and conditions such as anxiety disorders, attention deficit hyperactivity disorder, bipolar disorder, depression, and post-traumatic stress disorder.

"I focus on developing trust and therapeutic relationships with patients and their families. I provide patient-centered, evidence based care to promote emotional wellness and improve quality of life" expressed Dr. Eisa.

North Hills Health Center - Specialty Clinics is a part of Froedtert & MCW Behavioral Health Services, which offers care at multiple locations throughout Milwaukee, Waukesha and Washington counties. The staff is committed to providing high quality, ethical and timely care in a confidential manner and comfortable environment. They firmly believe mental well-being is a vital part of total health care.

A 2002 graduate of the Addis Ababa University School of Medicine, Dr. Eisa went on to perform his residency in psychiatry at the same educational venue in 2007. Upon relocating to the United States, he completed an additional residency in psychiatry at the Medical College of Wisconsin Affiliated Hospitals in 2016.

As a testament to his success, he is board-certified in psychiatry by the American Board of Psychiatry and Neurology (ABPN). The ABPN is a not-for-profit corporation dedicated to promoting high quality patient care for the public through the initial and continuing certification of psychiatrists and neurologists.

Professionally, Dr. Eisa is affiliated with Froedtert Menomonee Falls Hospital, Community Memorial Hospital, and St. Joseph's Hospital.

Psychiatry is the medical specialty devoted to the diagnosis, prevention, and treatment of mental disorders. These include various maladaptations related to mood, behavior, cognition, and perceptions. Psychiatrists evaluate, diagnose, and treat patients with mental, emotional, and behavioral disorders. They conduct thorough psychiatric evaluations, develop treatment plans, prescribe medication, and evaluate treatment results.

On a more personal note, Dr. Eisa speaks both English and Amharic.
