

BBA Tone brings a new sound to Savannah

BBA Tone may not be well known but for those who have heard his music, He's hard to forget.

Savannah, Dec 4, 2020 ([Issuewire.com](https://www.issuewire.com)) - Benjamin Elm AKA BBA Tone is only 18 years old, but his use of punch lines and creative flows make it seem as if he's been here much longer. One thing that makes him different from almost every other rapper I've heard that's his age? V E R S A T I L I T Y. This kid can do everything from rap, to alternative rock, nu metal, and even hints and pieces of R&B and pop. Songs like "Red Dot ft. olddmilkk" and his newest single "Clockwork" show just how lyrical he truly is, while songs such as "Pain" and "Psyche" show how he can completely rewrite himself as an artist and still produce something just as good no matter what genre. It's been a long time since I've seen an artist like this that's this young, and he can only improve from here.
