Mayer, AZ

Prescott, Dec 17, 2020 ([Issuewire.com](https://www.issuewire.com)) - Creekside Lodge and Cabins have a new look, new vibe, new everything! New owner, John Papuga Jr., has implemented over \$1 million in improvements to the property and its almost unrecognizable from its previous life. "I wanted to find a property in a rural area, that I could shape and mold into a fantastic destination place to gather, laugh and have fun, while contributing to the community at the same time."

The refurbishments started the day before Thanksgiving 2019 and will be complete before the end of the year with the new barn and pasture venue. As of right now, the 14 private, pet-friendly cabins have been renovated and include a fireplace, private porch, new countertops, fresh paint, and new floors. Most even include hot tubs and Tuft and Needle mattresses. With luxurious rustic décor, all are located overlooking Big Bug Creek which runs along the backside of the property.

Creekside also boasts new renovations to the restaurant, bar, and patio area. Not to mention a mouthwatering menu serving the best Certified Angus Beef in Yavapai County delivered fresh every

week. Currently open Wednesday through Saturday from 4pm-10pm, and on Sundays, 11am-8pm.

“We look forward to the locals and the public experiencing the entire property with the new upgrades. And we are eager to finally be able to roll out a product that we are immensely proud of and excited about.”, PJ McKay, Creekside Director of Marketing.

For the outdoor enthusiast, Creekside will be rolling out RV and tent dry camping in 2021. There are also several hiking and UTV trails that guests can choose from to complete their outdoor experience.

Located in the heart of Arizona, Creekside Lodge and Cabins is just 7 miles west of I-17, about an hour north of Phoenix and a world away from the hustle and bustle of the big city. This is a must-see, must-visit dot on the map! Creeksidelodgeandcabinsaz.com.
