

Do You Need A Elderly Care New York?

Senior Home Care by Touching Hearts at Home

Owner, Craig Sendach

Craig opened Touching Hearts at Home-Manhattan, Brooklyn, Queens when he realized through his family's own experiences that people requiring care don't always know where to turn. Too often they make decisions without understanding the alternatives available to them. And equally as often, they come to regret the decisions they made.

He graduated from The University of Delaware with a degree in Hotel, Restaurant, & Institutional Management. Recognizing what constitutes a hospitable environment, it is his mission to nourish and comfort people in the community facing the progressive changes of age, illness and/or disability. Craig also worked in the financial services industry for ten years, helping people appreciate the concept of planning for long-term objectives. Unforeseen care costs can deplete savings and erode the legacy that a parent or grandparent hoped to leave his or her loved ones. As a result, he is well aware that like a sound financial plan, an effective care plan involves the coordination of activities between our staff and our clients' healthcare professionals.

Los Angeles, Dec 6, 2020 ([Issuewire.com](https://www.issuewire.com)) - Touching Hearts at Home NYC Area today announced the premier provider in the NYC area for in-Home Senior Care and Non-Medical Care. Elderly home care service can help you to take care of your loved ones. Home care for the elderly can also help patients maintain or even increase their confidence levels. Living in a nursing home makes a person feel defeated or even helpless. Touching Hearts at Home NYC Area is committed to providing the finest care for your loved ones that are tailored specifically for their needs.

TouchingHearts is known as the best home care service provider on the base of customer reviews

"I can't begin to tell you how impressed I am at the services you provide. On only a moment's notice, you had great help in my home. It would be very hard for me to choose which caregiver you sent was the best. My thanks to all of you, along with my recommendation to anyone who asks my opinion."

- Dale S.

The best thing about home care service is that your elders can enjoy family activities. They will feel mentally relaxed when they see the family is happy and together. Home care providers are trained to give patients mentally satisfaction.

Our Elders could be experiencing numerous issues because of their age factors. They have Balance issues and distinctive clinical issues. For this, they need somebody's help, who consistently present with them when they need it.

Touching Hearts are given from only one hour for each visit, up to 24 hours per day, 7 days a week, including weekends and holidays, with 24/7 telephone support offering an immediate response. . Touching Hearts provide non-medical home care services for older, seniors, and people with medical

disorders or disabilities.
