

Eden Residence Aparthotel – COMFORT MEETS LUXURY

Makkah, Dec 23, 2020 ([Issuewire.com](https://www.issuewire.com)) - Eden Residence is a Jeddah based residential living firm developed by Nawa Developments and advised by Sidra Capital. This offers residence in a manner that is the epitome of an innovative, modern lifestyle having come alive. These living places are in the form of structural apartment hotels. The par excellence standards of refinement and the pioneering flair in the field of hospitality is what sets it apart from the multiple options available in Jeddah.

“Eden Residence’s combination of lifestyle and retail delivers a unique proposition where residents

benefit from essential services and convenience right at their doorstep.”

Jeddah as a place itself in Saudi Arabia is a unique blend of cultural heritage sites and modern-day attractions. The residents of the place are modernized persons who demand and expect to receive the best when it comes to residential services. Location, facilities, and brand are all the basic requirements today. This is where Eden delivers.

Nestled within the upscale Al Andalus district in Jeddah's Tahlia Street vicinity, Eden Residence offers a choice of luxurious one, two, three-bedroom apartments and penthouses within their complex. The variety allows them to cater to all. Along with that, there are best-in-class amenities to offer. You name it they have it is the scale of amenities when it comes to Eden. Choices and options such as a gymnasium, a recreational center, rooftop pools, business centers in certain projects that are equipped with printers, computers, WiFi, and LAN along with a large screen for presentations to be delivered and viewed, are all possible here.

At Eden Residence, convenience is the priority. Meeting everyday needs cannot get simpler. Within the vicinity of the apartment hotel lies the means to obtain the necessities. This includes grocery and laundromat. It does not stop there though. Also in the mix, as available options are coffee shops, snacks, and beauty salons. All services you can imagine in such a complex are available at Eden.

The soul and theme of Jeddah are what Eden aims to incorporate. It has managed to do so too as it features stunning contemporary architecture in the theme of urban designs. Every apartment is equipped with world-class furnishings and complemented by high-end interiors. This is as much for the local residents as it is for the tourists and travelers.

Jeddah is a place that sees many people visit for its history and beauty. At peak seasons the tourists swell up in numbers to make finding a place a task. In other times too though the demand by tourists is never dull. That is what led to the Eden Residence project.

The purpose behind this project is to make the tourists and travelers feel and live like a local for whatsoever purpose you wish to visit Jeddah. Regardless of your duration and purpose of the trip, everyone is bound to have an experience that remains unforgettable. Eden wants to bring you that experience when it comes to your stay and relaxation.

These avantgarde apartments serve their purpose through style, comfort, luxe, and space, etc. They are the most unique in their own way, the largest of their kind in Jeddah. This has become their Unique Selling Point and their niche when it comes to residential and tourist housing in apartment [hotels in Jeddah](#).

Relax and Replenish yourself with a fully equipped kitchen that comes with Nespresso coffee machines, free high-speed Wi-Fi, and Technogym. This is over and above the basic high maintained standards of health, hygiene, and attractiveness that Eden offers to you in their project.
