

## **Emmanuel C. Edoa, MD, FACP, a Geriatrician with Austin Adult GeriMed**

Get to know Geriatrician Dr. Emmanuel C. Edoa, who serves patients in Austin, Texas.

**New York City, Dec 31, 2020 ([Issuewire.com](https://www.issuewire.com))** - Dr. Edoa is a well-versed geriatrician who sees patients at his private practice - Austin Adult GeriMed - in Austin, Texas. Since 1991, he has cared for many patients using his vast experience and knowledge, his friendly and professional attitude, as well as his great customer service.

Founded on a team-based approach, Austin Adult GeriMed covers a host of services and procedures, including preventive medicine, geriatric medicine, chronic medical conditions (diabetes, high blood pressure, heart disease and cholesterol, asthma, COPD, arthritis management, and other chronic conditions), weight management, well-woman check, simple skin procedures such as Skin Tag reMoval and I&D, knee injections, as well as ADD/ADHD management.

The philosophy of the practice is to provide evidence-based, high quality, compassionate care, and to empower patients in self-management and collaborative care. Its mission is to provide high quality, cost-effective patient-centered integrated care in a setting that encourages patient and family engagement.

As a primary care physician, Dr. Edoka is qualified to provide preventative medicine, diagnose and treat ailments and injuries, and provide referrals to specialists when appropriate. He strongly believes in personalized care and evidence-based medicine and prides himself in knowing his patients and involving them in decision-making for their health and well-being.

A Fellow of the American College of Physicians (FACP), he is a member of the Texas Medical Association, the American Medical Directors Association, and the Travis County Medical Society.

A 1980 graduate of the University of Ibadan College of Medicine, Dr. Edoka relocated to the United States to further his education. Once there, he performed his residency at Meharry Medical College.

Following his training, he attained board certification in internal medicine and geriatric medicine through the American Board of Internal Medicine (ABIM). The ABIM is a physician-led, non-profit, independent evaluation organization driven by doctors who want to achieve higher standards for better care in a rapidly changing world.

Named a 2020 Top Doctor by Austin Monthly, Dr. Edoka is affiliated with St. David's Medical Center, Ascension Seton Medical Center Austin, and Dell Seton Medical Center at The University of Texas.

Geriatrics, or geriatric medicine, is a specialty that focuses on the health care of elderly people. It aims to promote health by preventing and treating diseases and disabilities in older adults. A geriatrician is a health care provider who focuses on patient well-being and independent functioning. These allopathic or osteopathic health care providers are specifically trained to evaluate and manage the unique health care needs and special treatment requirements of older people.
