Evac+Chair Canada is trusted and relied upon in emergency situations to assist in saving people's lives, and the brand is dedicated to offering emergency evacuation for everyone, here is our fantastic lineup.

"Safe evacuation for everyone is our key priority, and, over the last 35 years, we have developed our chair and created the optimum design. However, we are committed to evolving our products and ensuring we are providing the mobility impaired with the best possible means to evacuate a building safely, in the event of an emergency", says Steve Agisnaga, of Evac Chair Canada.

"The Evac+Chairs" range ensures a smooth and safe stairway descent for passengers and operators in any building, whatever its design. Insight from our customers and distributors is incredibly valuable for our R&D team and our ongoing innovation at Evac+Chair."

The 300H series is the most popular single-person operation evacuation chair in Evac+Chair Canada's range with a capacity of 400lbs. The 500H series has been designed for an increased payload capacity of 500lbs, which enables passengers of any build to be effortlessly evacuated in an emergency. The 600H series has been designed to ascend and descend stairways, so offers a universal solution for any situation.

EVAC+CHAIR North America LLC has announced the launch of its Evac+Chair Power 800 model, creating a frenzy in the market. Rich Perl President of EVAC CHAIR North America added "We are very proud of our new chair. [The Evac+Chair Power 800](#) not only has the quality and features unsurpassed by any other chair in the market but also is a price point anyone can afford."

The Evac+Chair Power 800, has [Evac+Chair's](#) specially designed track system, which enables a single user to transport a passenger over 200 flights of stairs in a single charge. Furthermore, the Evac+Chair Power 800 standard features include an extra-long quick-release 4-point harness, way finding lights, anti-microbial coatings, is fully flame retardant and an adjustable stair track for use on any staircase
