

How Much Do Wedding Packages Cost in Dubai

Amman, Dec 2, 2020 ([Issuewire.com](https://www.issuewire.com)) - [Arabia Weddings](https://www.arabiaweddings.com), the leading online wedding planning platform in the Middle East, created a new section on its platform to aggregate Wedding Packages from venues in the UAE to help couples easily find out how much wedding packages cost and to book their wedding venues with a click of a button.

Most wedding venues in Dubai and the rest of the United Arab Emirates have standard wedding packages to offer potential clients. Venues normally charge a flat rate per person, and present their services in bundles referred to as a Wedding Package. Typically, venues offer 2 or 3 different wedding packages giving couples the option to select from a basic wedding package to a more enhanced and upgraded package.

The cost per person of a wedding package in Dubai varies from AED 100 (or even less) per person, offered by smaller 3-star hotels and wedding halls, to AED 500 and above per person, offered by luxury 5-star hotels and resorts. (1 AED = 0.27 USD)

Rates also vary from season to season; higher rates prevail during the high wedding seasons in Dubai, which is normally from October till April, and lower rates between May and September. Some hotels also offer lower rates on weekdays as opposed to weekends, or waive some of the terms and conditions, such as minimum number of guests on weekdays.

Wedding packages offered by 5-star properties may include these benefits: a buffet/set menu; a three-tiered wedding cake; complimentary pre-event tasting of selected menu; soft beverages; a range of table and chair linen; a selection of elegant chinaware; fresh flower table centrepieces; red carpet arrival experience; complimentary dance floor and stage setup; a dedicated wedding concierge; complimentary 1-night stay for the bride and groom; and complimentary parking service for all guests.

The new section on Wedding Packages launched by Arabia Weddings covers the UAE at the moment and aims to cover most countries in the Gulf region by the first quarter of 2021. To view some of the curated wedding packages in Dubai click here: <https://www.arabiaweddings.com/deals/dubai>.
