

International cybersecurity company to serve ProFIX SWIFT customers in the fight against cybercrime.

Tampa, Dec 2, 2020 ([Issuewire.com](https://www.issuewire.com)) - Perseus Information Security Consulting, LLC and ProFIX

International cybersecurity company to serve ProFIX SWIFT customers in the fight against cybercrime.

Perseus Information Security Consulting Services, LLC, (Perseus) and ProFIX Company (ProFIX) have partnered to provide SWIFT CSP services with industry-leading Perseus SWIFT cybersecurity auditing services. Perseus brings in-depth international skills and expertise to plan, execute, and report on security status and recommend critical improvements.

Perseus SWIFT CSP assessment services will enhance the offerings of ProFIX to its SWIFT Service Bureau and other banking clients, by providing expert, efficient and competitive-cost SWIFT CSP auditing services. European financial institutions will benefit from this partnership by having access to the comprehensive expertise offered by these two organizations as the best option in the marketplace.

ProFIX will initially offer these expert SWIFT CSP- auditing services in late 2020 to their SWIFT tier 1

Service Bureau financial institution customers who have been requesting these services. ProFIX will then expand this offering to all of its SWIFT Service Bureau and other financial institution customers in early 2021.

“We are very excited to announce this preferred partnership with ProFIX,” said Deniz Kaya, President of Perseus Information Security Consulting, LLC. “Our Perseus SWIFT CSP international auditing solutions work with all SWIFT architecture types. In the last 5 years, we have delivered cyber security solutions and consulting in over 50 countries. Perseus can help financial institutions comply with CSP requirements while leveraging its technological and cybersecurity expertise and solutions to ensure an additional layer of protection for financial institutions reputations and revenues.

Gennady Kublanovsky, President of ProFIX states that “ProFIX is extremely confident in the Perseus SWIFT-CSP solutions – their expertise and service model will provide very valuable client service with solid ROI factors for our banking customers. Perseus will be able to provide the 3rd party CSP audits that our customers are requesting in an exacting and expert fashion with competitive pricing.”

About Perseus Information Security Consulting, LLC:

Perseus Information Security Consulting, LLC was established in the United States in January of 2016. Tampa, Florida is the location of our global headquarters with a satellite office in Turkey and branch offices in several other countries in Africa and the Middle East.

We are in business to provide cybersecurity consulting services to firms both large and small. We help organizations to develop effective cybersecurity programs, minimize the impact of state and federal compliance regulations, improve client retention, and mitigate security incidents. Our wheelhouse includes ICS/SCADA regulatory compliance and audits as well as ISO/27001, 800-171, CMMC, SWIFT, PCI-DSS, CIS Top 20, vulnerability assessment, penetration testing, and training solutions.

Our clients respect us as one of their Trusted Advisors. We are vendor agnostic and will only recommend complete solutions that make the most sense for our clients.

Dependable – Knowledgeable – Highly Qualified
