

Jinya Ramen Bar Announces Grand Opening in Henderson

Henderson's Newest Ramen Bar Is Open Just In Time to Keep you Warm This Winter

Henderson, Dec 21, 2020 ([IssueWire.com](https://www.IssueWire.com)) - Henderson, Nevada will soon be home to the Los Angeles-based ramen franchise, Jinya Ramen. The restaurant will open its doors on December 21, 2020.

The newest Jinya Ramen Bar is owned and operated by Kris Parikh. Kris is a seasoned restaurateur in Las Vegas who also started other restaurant concepts like Mint Indian Bistro, Divine Dosa & Biryani, Rotifix, and most recently, Dogs & Burgers.

“We couldn’t be more excited to join the Jinya franchise. Ramen is becoming very popular, and Jinya Ramen is a high growth franchise in this category. We are located in the hub of Henderson —and this is a prime location for dining and entertainment in the city,” Kris said.

Jinya Ramen Bar will be located at 10740 South Eastern Avenue. There is outdoor seating with heat lamps in the winter months.

“I am big on quality, and we found Jinya to be a perfect fit for us,” said Kris. “From the water (Jinya uses the Fuji water filtration system) to the special aging process of the noodles, and the fresh ingredients that go into each bowl, everything is done to perfection, and it reflects in the taste. At the Henderson location, diners can now enjoy delicious ramen bowls with the perfect broth and noodles in a contemporary Japanese style ramen bar.”

The restaurant offers a complete ramen bar experience and will be open for dining, takeout, and delivery.

“With restaurants temporarily at 25% capacity, we ensure our takeout and delivery services provide the whole experience. We package every order meticulously so you can enjoy the food and experience from absolutely anywhere.”

This is the first location in Henderson and the third in the Las Vegas area.
