

Lordstown Motors ENDURANCETM All-Electric Truck Rolls through The Star in Frisco, TX

Frisco, TX- Dec. 18, 2020- E Squared Energy Advisors hosted Lordstown Motors and their all new, all-electric ENDURANCETM 4WD pickup at their headquarters at The Star in Frisco, TX, the home of the Dallas Cowboys and their world-renowned headquarters.

Frisco, Dec 21, 2020 ([Issuewire.com](https://www.issuewire.com)) - James Rajiah, the Director of National Fleet Sales for Lordstown Motors, and Tim Grosse, the CEO and Executive Director of E Squared Energy Advisors were both present to announce their alliance to offer the first Lordstown Motors 75 eMPG, 250-mile range, 600-HP fleet pickup model to large public and private sector fleets across North America.

“Lordstown Motors is extremely pleased to team up with industry-leading energy and fleet partners such as E Squared Energy Advisors,” said Lordstown’s James Rajiah, “as we continue to lead the EV and zero-emission electrified truck market with the world’s first all-electric, 4-wheel independently powered electric pickup.”

E Squared Energy is providing large fleets such as cities, municipalities, and private corporations the option to convert their fleets to zero-emission with no-upfront cost with the world’s most innovative “pay-as-you-go” transportation model. “Our leading-edge zero-emission fleet program is a complete turn-key package that offers fleet operators complete charging station infrastructure, on-site renewable microgrid energy production, the vehicles, and the maintenance over the life of the contract,” said Tim Grosse of E Squared Energy Advisors. “We have more than \$8 billion in capital backing from the world’s largest institutional green investors earmarked for this program.”
