New York City, Dec 15, 2020 (IssueWire.com) - Dr. Redondo is a highly trained orthopaedic surgeon in practice with Midwest Orthopaedic Consultants. He sees patients at the offices in Orland Park and Oak Lawn, Illinois.

Midwest Orthopaedic Consultants is your one source for orthopaedic care, providing comprehensive orthopaedic surgery specialists in two Chicago locations. The concept of this facility is to provide one of the few self-contained orthopaedic facilities in the nation, centered on assuring comfort and convenience for patients and their families. The experienced physicians and friendly staff provide high-quality care and a comprehensive range of diagnostic, surgical, and rehabilitative services to meet all orthopaedic needs. They provide both inpatient and outpatient surgical care and non-surgical treatments such as bracing and injections, facilitating quick recovery with minimal cost.

A leader in his field, Dr. Redondo's clinical interests include GPS surgery, hip resurfacing, adult reconstructive surgery; total joint replacement, sports injuries, sports medicine, trauma, and viscosupplementation. He holds privileges at Advocate Christ Medical Center, Advocate Good Samaritan Hospital, Silvercross Hospital, and AMITA Health Adventist Medical Center La Grange.

In his role as an academic, he serves as an Assistant Clinical Professor at the University of Illinois College of Medicine.

Back in 1985, Dr. Redondo graduated with his medical degree from the University of Illinois College of Medicine. He then went on to perform his residency in orthopaedic surgery at Rush University Medical Center.

Offering over two decades of experience, he is board-certified in orthopaedic surgery and orthopaedic sports medicine by the American Board of Orthopaedic Surgery (ABOS). The ABOS is an organization with the goal of establishing educational and professional standards for orthopaedic residents and surgeons, as well as evaluating the qualifications and competence of orthopaedic surgeons.

Prestigious professional organizations of which Dr. Redondo is a member of include the Chicago Medical Society and the Illinois Medical Association.

Orthopaedic surgery is the branch of surgery concerned with conditions involving the musculoskeletal system. Orthopaedic surgeons use both surgical and non-surgical means to treat musculoskeletal trauma, spine diseases, sports injuries, degenerative diseases, infections, tumors, and congenital disorders.

On a more personal note, Dr. Redondo is fluent in both English and Spanish.
