

My Pets Plus Celebrates Their Line of Quality Dog Food

The healthy and natural diet solution for over seven years

PETS PLUS
BEMIDJI, MN

Bemidji, Dec 15, 2020 ([Issuewire.com](https://www.issuewire.com)) - For pet owners who care about the health and well-being of their dogs, nothing could be more important than making sure they get a wholesome, balanced diet. At [My Pets Plus](#), a family-owned store specializing in the **top dog food brands**, this is the holistic philosophy that guides them.

Making sure your pet gets the right nutrients in their diet is an important part of keeping them healthy

and strong throughout the course of their life. My Pets Plus makes it easy to find a wide variety of different high-quality natural dog food that is GMO-free, soy-free and loaded with delicious ingredients that your pet will love.

The care that goes into the formulation of dog food matters. It's not just about making sure the products are healthy, but that they taste great as well. While My Pets Plus has been providing this level of quality in the products that they sell since they opened their doors in 1992, they recently developed their own line of premium dog food that truly embodies everything you would want out of pet food that is truly healthy and enriching.

In the fall of 2013, they launched [North Winds Premium](#), a brand of quality dog food unlike any other. With an emphasis on natural ingredients that are responsibly sourced, they have developed a line of dog food that appreciates the wild spirit of your pet and that seeks to provide them with the best possible ingredients, for shiny coats and happy grins.

The goal of North Winds Premium was to make a superior kind of dog food, carefully crafted by pet people, for pet people, who want to ensure that their four-legged family members have just what they need to get all of the right vitamins, minerals, antioxidants, and other nutrients in their diet.

When you need a reliable source for **top dog food brands**, My Pets Plus has made it easy to find exactly what you need online. They only supply healthy dog food that they stand behind and that you can be proud to feed your pet, confident that it contains no GMOs or filler ingredients. Their pet supply store has an incredible selection of different dry dog food, wet food, and even healthy chews and treats. They also feature a great selection of pet care products such as dental care items, flea and tick treatments, grooming supplies, collars, and more.

The team at My Pets Plus is also dedicated to providing excellent customer service, and with hundreds of vetted products aimed to help you take care of your dog in the best way possible, you know when you shop with them that you (and your pet!) are in good hands. Any customers who may have questions about the products at My Pets Plus are welcome to contact them by phone at 218-444-4738 or by email at sales@mypetsplus.com.
