

Odiane Medacier, PhD, MSN, APRN, FNP-C, an Advanced Practice Registered Nurse & Certified Family Nurse Practitioner with

Get to know Advanced Practice Registered Nurse & Certified Family Nurse Practitioner, Odiane Medacier, who serves patients in Miami, Florida.

New York City, Dec 11, 2020 ([IssueWire.com](https://www.issuewire.com)) - Odiane is an advanced practice registered nurse & a certified family nurse practitioner. She works at Jackson Memorial Hospital in Miami, Florida, as well as remains affiliated with the Florida Department of Health in Miami-Dade.

A part of Jackson Health System, Jackson Memorial Hospital is an accredited, non-profit, tertiary care hospital and the major teaching facility for the University of Miami Leonard M. Miller School of Medicine. Its mission is "To build the health of the community by providing a single, high standard of quality care for the residents of Miami-Dade County."

Graduating with her nursing degree (Family Nurse Practitioner Program) in 1998, Odiane has over two decades of experience in her field. She is an active member of the Sigma Theta Tau International Honor Society of Nursing, which is the second-largest nursing organization in the world with approximately 135,000 active members.

An Advanced Practice Registered Nurse (APRN) is a nurse who has obtained at least a master's degree in nursing. APRNs may work across various healthcare settings, including hospitals, ambulatory clinics or long-term care facilities. They provide medical support and preventative care to patients, along with additional responsibilities of coordinating patient care and using specialized knowledge to manage complex patient conditions. APRNs can diagnose and treat as well as order and interpret tests and prescribe medications.

A Certified Family Nurse Practitioner (FNP-C) is an advanced practice registered nurse who works autonomously or in collaboration with other healthcare professionals, to deliver family-focused care. Given the rather broad nature of the "family" patient population focus, FNPs offer a wide range of healthcare services that revolve around the family unit; from health promotion and disease prevention to direct care and counseling across the lifespan.
