

Precious Bowen, RN, BSN, MSN, a Registered Nurse with DaVita Churchview Dialysis

Get to know Registered Nurse, Precious Bowen, who serves patients in Rockford, Illinois.

New York City, Dec 1, 2020 ([IssueWire.com](https://www.issuewire.com)) - Precious is a registered nurse who tends to patients at DaVita Churchview Dialysis, a dialysis center in Rockford, Illinois.

DaVita—which is Italian for “giving life”—is working to provide quality service to patients, partners, and teammates. It is committed to elevating the health and quality of life of patients around the world, all the while continuing to expand operations to improve access to health care in nine countries outside the U.S.

At the start of her academic career, Precious graduated with her nursing degree from the University of Maine. She then went on to earn her Bachelor of Science in Nursing degree from Northern Illinois University, and her Master of Science in Nursing degree from the University of Phoenix.

A Registered Nurse (RN) is a nurse who has graduated from a nursing program and met the requirements outlined by a country, state, province or similar licensing body to obtain a nursing license. RNs fulfill a variety of job duties. In addition to their primary role in treating and caring for patients, their responsibilities also include educating patients and the public about a variety of medical conditions, as well as providing emotional support and advice to the families of their patients. Other RN job functions include leadership, research, performing diagnostic tests and analyzing results, operating medical equipment, administering medications, recording patients' symptoms and medical histories, and assisting with patient rehabilitation and follow-up.
