RED WAGON
GROWTH MARKETING

Tempe, Dec 28, 2020 ([Issuewire.com](https://www.issuewire.com)) - Red Wagon Growth Marketing Agency is excited to announce a new book that reveals the secrets to dominating Google Ads. Paid media is a [major demand generation driver](#) and the work that has gone into "The ultimate guide to google ads" thrusts Red Wagon Growth Marketing Agency and Joe Whyte into a position of authority and a guiding light in the world of [paid media marketing](#).

When asked about the new book, Joe Whyte the CEO of [Red Wagon Growth Marketing Agency](#) said "This book has been the culmination of 17 years of working in the paid media industry. I have worked with [thousands of clients of all sizes](#) from SMB's to corporations featured on the INC and fortune 500. What you will find in this book is a guide to any situation, circumstance, or issue you will ever face when it comes to paid media. I have imparted my wisdom and experience for all to read and learn from". Joe goes on to say that "Our new book coupled with our [Agency Outsource Program](#) and our [new podcast called "Tra-digital academy"](#) sets our agency up for explosive growth! Working with us means you are going to see the best results possible, **GUARANTEED!**".

This is an exciting opportunity for Red Wagon Growth Marketing Agency and the city of Phoenix. Our new book continues to build upon our success and helps to reinforce our authority as the leading digital and paid media growth marketing agency in Arizona. This book, along with others we plan on releasing, allows us to provide Phoenix with the highest credible knowledge of digital marketing. We are [Phoenix Arizona's best digital marketing company](#) and our [digital marketing services get you in front of your ideal customers](#). We specialize in turning strangers into customers and customers into brand advocates. For your free copy of "The ultimate guide to google ads", contact us on our site.

Safe Harbor Statement.

Safe Harbor Statement under the Private Securities Litigation Reform Act of 1995. Statements in this press release that are not strictly historical are "forward-looking" statements within the meaning of Section 27A of the Securities Act of 1933, as amended and Section 21E of the Securities Exchange Act of 1934, as amended. These statements involve a high degree of risk and uncertainty, are predictions

only and actual events or results may differ materially from those projected in such forward-looking statements. Factors that could cause or contribute to differences include the uncertainty regarding viability and market acceptance of the Company's products and services, the ability to complete software development plans in a timely manner, changes in relationships with third parties, product mix sold by the Company and other factors described in the Company's most recent periodic filings with the Securities and Exchange Commission.
