Rahway, Dec 15, 2020 (Issuewire.com) - As the short, dreary days of winter creep in threatening to stifle our energy and happiness, SapphirEmerald Magazine swoops in with a blast of excitement, talent, energy, and joy. This month's issue of SapphirEmerald Magazine is packed full of inspirational stories of hope, love, compassion, and a much-needed dose of gratitude as we enter the holiday season.

Highlighting our many gems, we will share with the audience the value of hard work, the love of God, the trust in faith, and the compassion that our inspirational entrepreneurs, celebrities, artists, and influencers have demonstrated and the impact that they have made on the world.

This issue begins with the fabulous, illustrious career of Angela Robinson with our **Sapphire Story** "Compassionate Angela Robinson – A Phenomenal Woman". Walking in her gift, Angela not only thrills the audience with her portrayal of Veronica Harrington in the Oprah Network's "The Haves and Have Nots" but also for her desire and ability to be a change-maker, an encourager, and an inspiration to up and coming artists. As the Ruby Hot News Story, Angela's interview can be heard on Roku, Apple TV, and is being broadcast on Sparkx TV, and Amazon's Fire Stick.

In our **Emerald Story**, HipHop artist Finess shares not only his love of music but how he desires to bring about social awareness and change through activism and making a connection with his fans.

The 2020 BET Soul Train Awards was an amazing event recently held on November 30th featuring a plethora of legendary artists as featured in our **Bronze Story** including Monica, Charlie Wilson, and Smokey Robinson. The audience, abiding by social distancing and mask guidelines, were on their feet dancing and swaying at the star-studded event.

Joe Chambers, our **Hot Ruby News Story** of the month, reveals an artist who is still at the top of his game whose talents have crossed genre and generations. This talented multi-instrument shares his gift with the world through his soon to be released 12th album entitled "Samba de Maracato."

Our **Pearl Story** features a truly inspirational story of a woman who struggled with a speech impediment yet fought to give others faced with their own afflictions a voice and a face. Enduring the ridicule that many who stutter face, Sherrikka Myers overcame her challenges to become a force against bullying with her new children's book "Herbie's New Home".

The **Diamond Film & Glitter TV Story**, "Live Free or Die" is occupied by none other than Baadja-Lyne Odums whose passion for life and honing her craft make her an exceptional actress and a dynamic person. In her latest role as Marva in Tyler Perry's "Ruthless" on BET+, her talent, unyielding determination, and love will shine through.

Alvin Garrett, former NFL Player turned music producer, songwriter, and artist will turn heads with this month's **Gold Story** "Never Give Up On Your Dreams." Garrett's new song "My Gift to You" will inspire listeners to grab their partner and turn down the lights.

The honor of **Firestone Recording Artist & Indie Music** goes to Michael Norman with a "Breath of Fresh Air."

Lastly, our **Diamond Story**, Daja Marie "No one's child, but Everyone's baby", shares her journey into the world of music and unapologetically describes how she is made who she is through God's strength,

her willpower, and unmatched drive. Her recently released hit single “Closet Freakk” and video are available now on all major digital platforms.

At SapphirEmerald Magazine, we also want to recognize the amazing artistic ability of Ghana’s former Next Top Model, Ama Amponsah.
