

SDA Solutions LLC passes \$1 Billion assets under management on Speedboat platform

SDA Solutions LLC passes major milestone with over \$1 Billion in tax lien and tax deed assets under management within the Speedboat portfolio management platform.

Missoula, Dec 8, 2020 ([Issuewire.com](https://www.issuewire.com)) - [Speedboat](#), a [SDA Solutions LLC](#) Product, is pleased to announce it has surpassed \$1 Billion of assets under management within the Speedboat portfolio management platform.

"I believe it's Speedboat's integrated solution that has been the major driver of our platform's growth," said Chase Stoeger, COO of [SDA Solutions LLC](#). "Speedboat users can have an integrated custodian offering, through our partnership with [WSFS Institutional Services](#), and a nationwide due diligence and underwriting solution in [Lighthouse](#), that is powered by the industry's best data from [Tax Sale Resources](#). The combination of servicing, due diligence, and custodian integration allows our clients to manage large portfolios without a large technical overhead."

According to Tax Sale Resources, there are over \$4.3Billion in tax liens sold annually and over \$20 Billion in tax liens and tax deeds outstanding nationwide at any given time. SDA Solutions LLC continues working with clients to enhance the functionality of Speedboat and expand its footprint beyond the 26 states it's already active in.

About Speedboat

Speedboat is a powerful and secure cloud-based solution built specifically for tax lien & deed investors, custodians, and servicers.
