Dover, Jan 1, 2021 ([Issuewire.com](https://www.issuewire.com)) - Finally, the wait is over! TronOn is all set to become a reality. There's still time in the new year celebrations but we already have great news for you all. This new year will definitely provide a great start to your lives because TronOn is officially launching NEXT MONTH

i.e. January, 2021.

As we know, TronOn is the world's best decentralized and Staking Auto Pool program in the international community of the global decentralized ecosystem and the first-ever smart contract marketing scheme.

TronOn is a 30-Pool Program supporting three types of income: Referral Income, Autopool Income, and Level Income.

The Tron's blockchain will also support TronOn smart contracts and there will be an Application Blockchain Interface for the consensus engine.

All of this sounds so interesting, right? I'm pretty excited to discuss this technology with everyone. Very soon, you all will be experiencing "TronOn".

LET THE COUNTDOWN BEGINS!
