The up-and-coming Victoria Rock Music Artist STEVE MOFFITT tries to cement his status as the next influential rock artist with his new funk on the latest songs.

Melbourne, Dec 10, 2020 (Issuewire.com) - With explosive vocals like dynamite, the new rock artist **STEVE MOFFITT** is setting new records on Australian music charts with his latest music releases. With the homogenous spread of holy country guitar riffs, he creates a beautiful amalgam of strong rock music. Imagine the happiness and excitement of blowing the flickering candlelight on your

birthday cake, the same joy you will feel in your veins while listening to his euphoric collection of songs. With a gradual metamorphosis over the past couple of years, his musicality has become more vibrant and exclusive for the rock scene. The **Victoria Rock Music Artist** released '[COREY](#)' from his production house MOFFITT in November. The epic essence of classic rock is overstuffed throughout the track, making a peachy combination for rock and roll.

The singer and songwriter project the indelible experiences in his regular life through the best verses of the self-produced rock tracks. He was introduced to music from a young age and started learning guitar till he turned into a monstrous guitarist who could think of a life without rock music. His keen interest in singing pushed him further to play drums skillfully so that he could make a perfect studio for recording all the golden hits. His music has room for stylish, nostalgic guitar solos, undeniable distortions, and skillful beats. His sinful hooks in the song '[Little Baby Girl](#)' sketch a beautiful story and a charming character of a young girl, someone who made him blind in love.

The addictive chorus of 'LONLINESS' has become very familiar as the upcoming rock artist from Australia, **STEVE MOFFITT** accesses most of the new rock playlists. Rock fans can turn up the volume a few notches while playing the song on speakers. The dreamy hooks will make your solitude more bearable. Soulful yet simple guitar tunes in it will rock you all night long. The mix of rich blues rhythms and country melodies make his music different from the rest of the wannabes.
