What do we provide?

Let's take a look at **our Services:**

- Post-accident drug testing
- Schedule & Random drug testing
- Nationwide drug testing
- [Post-accident drug testing](#)

Post-Accident testing refers to the drug test performed on an employee involved in an accident during work. It is a general observation that the companies implementing a pre-employment and post-accident drug testing protocol not only succeeds in creating a better workplace environment. But can also reduce both legal liabilities and save on their insurance expense.

- [Schedule & random drug testing](#)

We provide ultimate service for scheduled and random drug testing. That service includes:

- Dot and Non-Dot Collections
- Breath Alcohol Testing
- Hair Collections
- Instant Drug Testing
- Saliva Drug & Alcohol Testing
- Referral To a TPA (Third Party Administrator)
- We can test onsite

- [Nationwide drug testing](#)

All of our collectors are DOT certified in Urine Specimen Collection and Breath Alcohol Collections.

We have over 5,000 onsite collectors nationwide to assist you in your drug testing needs. We're able to provide Onsite Urine, Alcohol, Saliva, and Hair testing throughout the continental United States. For Employers and TPA's alike, 24/7 Onsite makes the Onsite Testing Process as convenient as possible with a standardized and professional process.
