

3-Step System to Simplify Your Curly Hair Wash Day

New Jersey, Bloomfield, Jan 27, 2021 ([Issuewire.com](https://www.issuewire.com)) - Wonder Curl, the leading indie beauty line for all curl textures, has developed a [three-step system](#) that is sure to simplify your wash day routine. This bundle includes the Detoxifying Clay Cleanser, our Moisturizing Hair Pudding, and the Get Set Hair Jelly to set your style without crunch or flakes. Wonder Curl specializes in hair care that helps you embrace your natural curls with cruelty-free and vegan ingredients.

Those with curly hair know that wash days can be complex and include multiple cleansers, creams,

masks, and gels. Even after spending hours on your hair, it still may need to be restyled or refreshed within a couple of days. Don't let all of your hard work go to waste. Wonder Curl has developed a new system that has everything you need in just three products. Not only does this help you keep your routine streamlined, but it also makes it easier to achieve your naturally beautiful hair. You will find that the three-step system leaves your hair hydrated and defined for days without refreshing.

The Wonder Curl three-step process starts with the Detoxifying Clay Cleanser. This product alone washes, detangles, and conditions. Our owner knows the struggle of using different products for each of these steps, so the Detoxifying Clay Cleanser was developed to combine these while leaving hair moisturized and fresh. Many cleansers leave curly hair dry and tangled, but the Wonder Curl formula guarantees hydration.

The second step is the Wonder Curl Moisturizing Hair Pudding made with blended shea butter, castor oil, and aloe vera. This leave-in cream hydrates without becoming greasy. It enhances your natural curl pattern while increasing the hair's elasticity.

The last step is the Get Set Hair Jelly that sets your hair in its natural curl pattern without becoming dry, flaky, or crunchy. We know that many hair gels promise hold but fail miserably in humidity. Not the Wonder Curl Get Set Hair Jelly. You will have a flexible hold that is perfect for every curl type and is humidity proof. It is also great for eliminating frizz and elongating your curls.

You can purchase this three-step system now directly from the Wonder Curl website, www.wondercurl.com, for just \$50 instead of the regular retail price of \$59. These products were designed for curly hair customers tired of using several products every wash day without great results. Now everything you need comes in these three simple steps.

Wonder Curl is a black-owned business and all products are free of silicones, parabens, Phthalates and are cruelty-free.
