

A Renowned Plastic Manufacturer in South Africa

Cape Town, Jan 14, 2021 ([Issuewire.com](https://www.issuewire.com)) - Plastics for Africa was established in South Africa several decades ago. In fact, it was one of the very first plastic stores in the country, and it is for that reason that Plastics for Africa's slogan is "The original plastics shop". Having been established from humble beginnings, [Plastics for Africa](https://www.issuewire.com) has now expanded across South Africa with an additional two branches: more specifically, in Montague Gardens, Somerset West, and George.

It was through the hard work of the dedicated owner and staff that Plastics for Africa saw such exponential growth and became a common name in many households in residential areas across South Africa.

In fact, their product offering is so wide that they offer various products and various categories. From children's toys, and stationary, to COVID-19 products to help curb the infection rate, and camping and 4x4 equipment, at Plastics for Africa they have it all.

Additionally, the company has a website where you can see all the various products they sell in-store, what new products have come in, and what products are most frequently bought. Plastics for Africa also has a vast range of home and office supplies, proving that there is something for everyone. In addition to supplying a wide range of products, Plastics for Africa also ensure that their products are competitively priced.

Plastics for Africa has established their name in the industry not only through their years of service, but also through their tireless efforts to ensure every client that walks through their doors leaves satisfied with their purchase, and with a solution. You would not be able to find a plastic store in South Africa with even half the catalog that Plastics for Africa offers.

If you would like to learn more about the company, see what previous clients have to say about their experience with the company, view their online catalog to learn more about their products, or contact Plastics for Africa, then you can visit their official website at <https://plasticsforafrica.co.za/>

About Plastics for Africa:

Plastics for Africa was established in the 1980s and is owned and operated by Mario Jacobs. Having started from humble beginnings, Plastics for Africa has grown significantly and has made a well-established name for itself in South Africa. Regarding their number one status of South Africa's "original plastics shop", Plastics for Africa also offers their clients a huge selection of goods, that are not only made from plastic.
