

BEST ecommerce company or platform in uk

Bristol, Warmley, Jan 31, 2021 ([Issuewire.com](https://www.issuewire.com)) - What is E-commerce?

Electronic commerce or simply e-commerce is a business model that lets firms and individuals buy and sell things over the internet. E-commerce operates in all four of the following major market segments:

- Business to business
- Business to consumer
- Consumer to consumer
- Consumer to business

E-commerce, which can be conducted over computers, tablets, or smartphones may be thought of like a digital version of mail-order catalog shopping. Nearly every imaginable product and service is available through e-commerce transactions, including books, music, plane tickets, and financial services such as stock investing and online banking. As such, it is considered a very disruptive technology.

KEY TAKEAWAYS:

- E-commerce is the buying and selling of goods and services over the internet.
- E-commerce can be a substitute for brick-and-mortar stores, though some businesses choose to maintain both.
- Almost anything can be purchased through e-commerce today.
