

Center for Cyber Safety and Education Partners with AWE Learning on Launch of Platinum Online

CENTER FOR
**CYBER SAFETY
AND EDUCATION™**

Chester, Jan 12, 2021 (IssueWire.com) - AWE Acquisition, Inc., dba AWE Learning, is excited to announce its recent partnership with the Center for Cyber Safety and Education (Center). Headquartered in Chester, Pennsylvania, AWE Learning is the leading provider of digital learning solutions for public libraries throughout the United States and Canada.

AWE Learning's new Platinum Online is a cloud-based product featuring more than 175 educational titles for children ages 2-12, with a single login. Content is award-winning and spans all STREAM subject areas (Science, Technology, Reading, Engineering, Art & Music, Math), plus Social Emotional Learning (SEL). As an annual subscription, Platinum Online brings new and exciting content to libraries, as well as virtual learners, homeschoolers, and pandemic pods. We are excited to have the Center's cartoons, comic books, and reading comprehension activities, featuring Garfield and friends, on Platinum Online.

Through AWE Learning's partnership with the Center, their educational titles will reach a larger audience and will assist children to expand their learning outside of school hours. Center's learning activities help young learners in reinforcing and practicing STREAM skills, build their confidence level, and have fun while learning! "Our Garfield programs focus on teaching children how to be safe and secure online in an engaging way," said Patrick Craven, Director of the Center. "Cybersafety education needs to become a priority in our communities, and we are excited to partner with a company that understands that need."

AWE Learning President & CEO, Dr. Deborah B. Sorgi, said, "We are excited to partner with the Center for Cyber Safety and Education. Companies like the Center for Cyber Safety and Education offer a variety of prominent learning content for our target age group and markets. In the modern-day, it is important to give children a website that offers content that caters to all levels and all interests. While

libraries are closed or limited to a lower capacity due to COVID-19, Platinum Online allows libraries to distribute logins to families so children can access AWE Learning products from home! Platinum Online also gives youngsters the opportunity to continue learning beyond their virtual school day. We are confident that users will enjoy interacting on these titles whether they are at home or in the library."

For more information on AWE Learning's new products, please visit aweplatinumonline.com or call 888-293-0272.

###

About AWE Learning (<http://www.awelearning.com>)

AWE Learning provides comprehensive digital learning and early literacy solutions for young children in public libraries across the United States. Our mission is to inspire an enthusiasm for learning by supporting school readiness and literacy in the community. Through our dedication to high quality, STREAM-aligned content that is easy to use, we collaborate with libraries to highlight their role as community leaders in the pursuit of learning.

About the Center for Cyber Safety and Education (<https://iamcybersafe.org/>)

The Center for Cyber Safety and Education (Center) is a non-profit charitable trust committed to making the cyber world a safer place for everyone. The Center works to ensure that people across the globe have a positive and safe experience online through its award-winning educational programs, scholarships, and research.
