

Family-Owned Garage Door Repair Company Eastern Overhead Door Celebrates 38 Years in Business

Maryland, Bel Air North, Jan 25, 2021 ([Issuewire.com](https://www.issuewire.com)) - Eastern Overhead Door, a garage door installation and repair company serving families in Baltimore, Cecil, and Harford Counties, has provided high-quality, secure, durable, and beautiful garage doors and fast, friendly service since 1983. This year, Eastern Overhead Door will celebrate 38 years in business. For each of these years, Eastern Overhead Door has been dedicated to its mission of showing every customer appreciation and respect

and always informing customers of all their options.

Eastern Overhead Door was founded by Jack Merryweather in 1983. After working on his first garage door, Jack quickly realized the need for quality craftsmanship in the garage door industry, prompting him to start Eastern Overhead Door. As time passed and the business grew, Jack's three sons, Charles, Kris, and Scott, joined Eastern Overhead Door, running the family business's day-to-day operations.

Together, the family has over 70 years of combined experience, making them one of the most trusted garage door experts in Harford County. "We have seen many fly-by-night door companies come and go," says Charles. "With 38 years in business, we have stood the test of time and plan to be here for you for many years to come."

Eastern Overhead Door is not just a family-owned business. It is a small business that treats its customers like family. For this reason, customers, members of the community, and other people in the industry will be happy to congratulate the team at Eastern Overhead Door for reaching this significant business milestone. Simply visiting the Eastern Overhead Door [website](#) or [Facebook](#) will show hundreds of five-star reviews, a testament to the immense dedication and exceptional service and professionalism Eastern Overhead Door has provided over the years.
