WEBINAR FOR INVESTORS & THOSE THAT WANT AN AFFORDABLE VACATION HOME

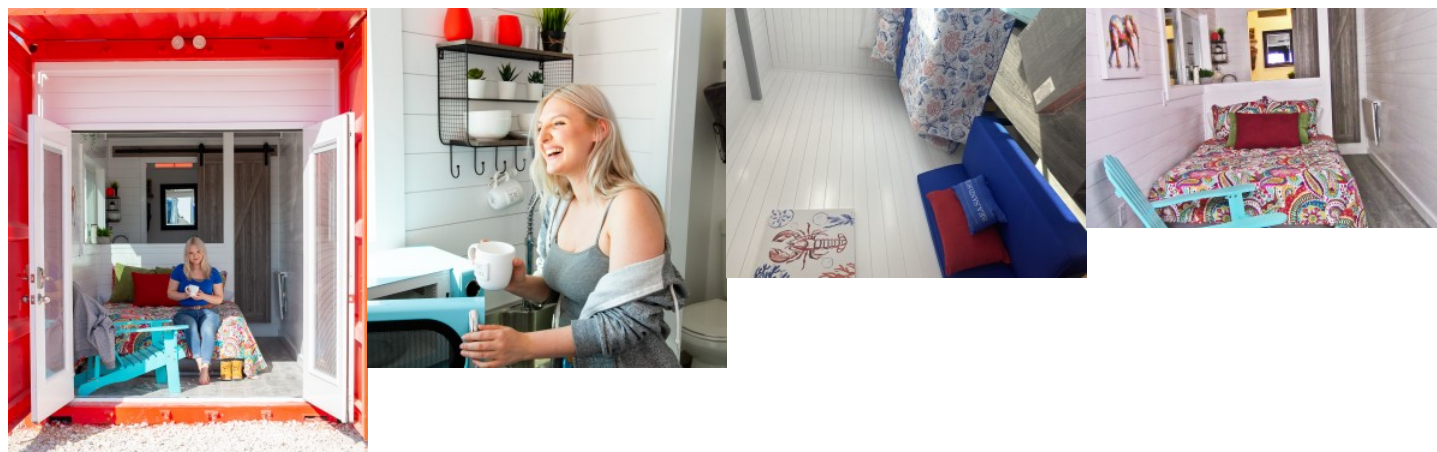

Learn how to get into the scorching hot Container Home Rental market. The webinar is open to the public and accepting registrants at www.LiveUncontained.com. Topics covered include how to make money as an Airbnb or VRBO landlord using an inexpensive and unique container home property, the costs and specifications of container homes, where to place your new home and everything else you need to know as well as a thorough Q&A session.

NO LAND. NO WORRIES. TURNKEY SOLUTION AVAILABLE

Erin and Ro are also offering a new opportunity for investors to place container homes in a “container park”, creating a turn-key investment for short term landlords who are lacking the land or appropriate location to place their container homes, thus eliminating one of the biggest issues in getting a container rental. “Many investors and even folks who just want their own little getaway was getting stuck on the land piece” explained Erin. “We wanted to solve that problem for them and create a container park in places where the short term rental market will support a minimum of \$125 per night,” she said.

Dr. Hudson has an extensive background in real estate investing, both in the single family and multifamily markets. A Chiropractor by trade, Dr. Hudson has five children and is based in San Antonio, TX. Her partner, Ro Markevitch is the owner of Markevitch Property Acquisition, an Atlanta, GA. Based investment company. Ro and Erin, along with other partners, own apartment properties in the Atlanta area.
