

“Girl Next Door,” Harm Sandhu Produced Song Passes 1 Million Plays

New York, New York City, Jan 30, 2021 ([Issuewire.com](https://www.issuewire.com)) - In a groundbreaking collaboration, G Deep and Joe Alam have reached all corners of the Punjabi music scene with their newest hit track, “Girl Next Door.” The growing popularity of this single can be attributed to unique video editing and masterful production quality. Mixing multiple styles of music, Harm Sandhu has created a song that is not only fitting of the two artists but also welcoming to dance to.

Two artists of different cultures have demonstrated that music can come from anywhere and still create a massive following. Harm Sandhu has proven his song creating, beat making, and tack mixing skill by carrying the project to fame with his own producing prowess. Harm Sandhu provides package deals for upcoming artists who want their music to have quality on the level of a hit single such as this. Offers for Harm Sandhu’s mixing and mastering services can be found below.

Reaching well over 1 million views on YouTube, “Girl Next Door” can also be found on Spotify and Apple Music.
