

Intellipaat Launches Training Operations in Europe

Intellipaat Pvt Ltd. has started its operations in European Countries

England, London, Jan 27, 2021 ([IssueWire.com](https://www.issuewire.com)) - With the increasing demand of learners from across Europe, Intellipaat has decided to cater to the need of European countries by opening a new centre headquartered at Middlesex, UK. This is Intellipaat's third international centre after Bangalore, India and Foster City, US.

Speaking on the milestone achievement, Intellipaat CEO Diwakar Chittora says "Although, we have learners from 55 different countries, setting up management in the UK is aimed to understand the need of our European e-learners." Talking about the tie-ups in European countries, he says "We have tied up with 200 companies in India and aim to strengthen our ties with European companies who are rallying their employees to learn new skills."

Intellipaat is not a new e-learning platform for the Europeans. In the last year, 20,000 learners from European countries like the UK, Ireland, Germany, France have gained new skills and landed their dream jobs. The programs like [Data Science](#) and [AWS](#) have remained their top choice.

Intellipaat provides courses in 150+ trending technologies across the globe. The courses offered by Intellipaat are single courses, master courses as well as PG courses. The duration of a single course ranges between 30 hours to 40 hours while for master courses this range lies between 90-100 hours. For PG course, the duration is 9 months long.
