

Joseph C. Schuster, MD, an Internist with Holy Name Medical Center & Hackensack University Medical Center

Get to know Internist Dr. Joseph C. Schuster, who serves patients in Teaneck and Hackensack, New Jersey.

New York, New York City, Jan 21, 2021 ([IssueWire.com](https://www.IssueWire.com)) - Recognized as a Top Doctor in Jersey's Best magazine, Dr. Schuster specializes in the medical treatment of adults. He is affiliated with Holy Name Medical Center & Hackensack University Medical Center.

Holy Name Medical Center is a comprehensive 361-bed acute care facility, which provides technologically advanced, compassionate, and personalized care across a continuum that encompasses education, prevention, diagnosis, treatment, rehabilitation, and wellness maintenance. The Medical Center, located in Bergen County, N.J., has nearly 4,000 employees and admits about 30,000 patients each year.

Founded in 1888 with just 12 beds, Hackensack University Medical Center was Bergen County's first hospital. Today, this nonprofit, teaching, and research hospital has grown to become the largest provider of inpatient and outpatient services in New Jersey. It enjoys numerous clinical, research, and academic affiliations with world-renowned partners, and its mission are to provide the full spectrum of life-enhancing care and services to create and sustain healthy, vibrant communities.

A 1981 graduate of Albany Medical College, Dr. Schuster went on to perform his internship at Mount Sinai West in 1982. This was followed by a residency in internal medicine at Kings County Hospital Center in 1984.

An authority in his field, the doctor is board-certified in internal medicine by the American Board of Internal Medicine (ABIM). The ABIM is a physician-led, non-profit, independent evaluation organization driven by doctors who want to achieve higher standards for better care in a rapidly changing world.

Internal medicine is the medical specialty dealing with the prevention, diagnosis, and treatment of adult diseases. Physicians specializing in internal medicine are called internists. They manage and prevent common and complex diseases by providing comprehensive care and promoting overall well-being.
