

Legends of Learning, Inc. Partners with AWE Learning on Launch of Platinum Online

Chester, Jan 13, 2021 ([Issuewire.com](https://www.issuewire.com)) - AWE Acquisition, Inc., dba AWE Learning, is excited to announce its recent partnership with Legends of Learning, Inc. Headquartered in Chester, Pennsylvania, AWE Learning is the leading provider of digital learning solutions for public libraries throughout the United States and Canada.

AWE Learning's new Platinum Online is a cloud-based product featuring more than 175 educational titles for children, ages 2-12, with a single login. Content is award-winning and spans all STREAM subject areas (Science, Technology, Reading, Engineering, Art & Music, and Math), plus SEL (Social Emotional Learning). As an annual subscription, Platinum Online brings new and exciting content to libraries, as well as virtual learners, homeschoolers, and pandemic pods. We are excited to have a selection of Legends of Learning's content on Platinum Online.

Through AWE Learning's partnership with Legends of Learning, their educational titles will reach a larger audience and will assist children to expand their learning outside of school hours. Legend of Learning's educational content helps young learners in reinforcing and practicing STREAM skills, build their confidence level, and have fun while learning! "We are thrilled to partner with AWE Learning to bring our game-based learning platform to more children after school hours. Legends of Learning games are a great way to bring engaging and rigorous learning to kids for K-8 science and math," said Dr. Vadim Polikov, Founder and CEO of Legends of Learning.

AWE Learning President & CEO, Dr. Deborah B. Sorgi, said, "We are excited to partner with Legends of Learning. Companies like Legends of Learning offer a variety of prominent learning content that allows them to have fun while learning. Platinum Online does just that and gives children a website that offers content that caters to all levels and all interests. While libraries are closed or limited to a lower capacity due to COVID-19, Platinum Online allows libraries to distribute logins to families so children can access AWE Learning products from home! Platinum Online also gives youngsters the opportunity to continue learning beyond their virtual school day. We are confident that users will enjoy interacting on these titles whether they are at home or in the library."

About AWE Learning (<http://www.awelearning.com>)

AWE Learning provides comprehensive digital learning and early literacy solutions for young children in public libraries across the United States. Our mission is to inspire an enthusiasm for learning by supporting school readiness and literacy in the community. Through our dedication to high quality, STREAM-aligned content that is easy to use, we collaborate with libraries to highlight their role as community leaders in the pursuit of learning.

About Legends of Learning, Inc. (<https://www.legendsoflearning.com/>)

Legends of Learning is a game-based learning platform with thousands of curriculum-aligned maths and science games for elementary and middle school students (grades K-8). Millions of students play Legends of Learning games in school, but they can also play at home on their own. Backed by published research out of Vanderbilt University, Legends of Learning is one of the only tools that allows you to actively see your child's learning progression.
