

Marsh/Bell Construction Hires Two New Executives to Meet Continued Growth

Easley, Jan 8, 2021 ([Issuewire.com](https://www.issuewire.com)) - **Marsh/Bell Construction**, a leading general contractor and construction management firm in the Upstate of South Carolina, today announced two senior hires to meet the growing demand for its general contracting and construction management services: **Sam Rogers** and **Buck Brown**.

Rogers joins Marsh/Bell Construction as Controller, after spending the last two years at Hubbell Lighting in Greenville, SC, where he worked in the internal audit department. With his prior experience at a local accounting firm and Hubbell, as well as earning his accreditation as a CPA, Rogers is a perfect fit for the Controller position at Marsh/Bell.

Brown joins Marsh/Bell Construction as Assistant Project Manager, after spending the last three and a half years at AM King in Greenville, SC, where he served as an Assistant Project Manager. That role prepared him for his new responsibilities that he will hold with Marsh/Bell.

“Marsh/Bell is very excited about the addition of Sam and Buck,” says CEO Paul Westberry. “We think that these two fit in with our *Success From the Start* motto and look forward to them building on the strong foundation we already have at Marsh/Bell.”

About Marsh/Bell Construction
