

MilesWeb Wins the Top 10 Shared Hosting-2021 Award by HostAdvice

Nashik, Jan 17, 2021 ([IssueWire.com](https://www.issuewire.com)) - MilesWeb, the leading web hosting company based in India has been awarded as the Top 10 Shared Hosting-2021 by HostAdvice. HostAdvice analyzes medium and large web hosting companies every year and this is another great achievement for MilesWeb in being committed to offering customers globally the best-in-class shared hosting services.

The Top 10 Shared Hosting-2021 is awarded to the web hosting companies listed in the publication's Top 10 in the best-shared host category. MilesWeb's team is constantly taking efforts to optimize its shared hosting environment so that its customers' websites perform at the best possible level.

MilesWeb is one of the top 10 companies from across the web that qualified for this award. Experts at HostAdvice noticed that MilesWeb received 1001 user reviews and as a part of their quality check they decided to review their shared hosting services. During the analysis, MilesWeb passed all their tests with great success and was listed in the Top 10 Shared Hosting-2021 by HostAdvice.
