

MobileParts.US Announces NEW Clear iPhone 12 Pro Max Case

The new clear iPhone 12 Pro Max Case is military grade armor-level shockproof protective

Florida, Pensacola, Jan 25, 2021 ([Issuewire.com](https://www.issuewire.com)) - MobileParts.US today announced a [NEW Clear iPhone 12 Pro Max case](#) for a highly competitive price. This iPhone 12 Pro Max case consists of a slim crystal clear case that flaunts the original iPhone design and beauty. This phone case is guaranteed to never yellow or stain because of its diamond antioxidant layer. Unlike other iPhone 12 Pro Max Cases, this case has a 360-degree protective cover that features 4 built-in corner airbags to absorb impact and avoid scratches in most situations. You will never have to worry about damaging your iPhone from an accidental drop when it is in this phone case.

This iPhone 12 Pro Max case is unique in that it has raised bezels that provide camera and screen

protection. The tiny design of 2.5mm lip over the camera, 1mm bezel over the screen, and 1mm raised corner lips on the back, provide additional protection that customers need. Customers that work on construction sites, or out in the field, particularly benefit from the iPhone 12 Pro Max case.

The clear phone case fits the iPhone 12 Pro Max perfectly to stop dust from entering and scratching the body of your phone. The slim ergonomic design and enhanced grip bring you greater portability and firmer grip, with no feelings of bulkiness.

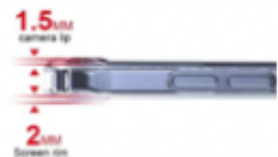

About MobileParts.US
