

Panagis Zissimatos Shares His Vision Toward the Global Maritime Logistics Businesses

Panagis Zissimatos is a Greek marine business entrepreneur. He has successfully grown his marine transportation business since the 1980s.

Spata, Jan 2, 2021 ([Issuewire.com](https://www.issuewire.com)) - Greece has been a maritime country since a long time ago, as the country has a mountainous landscape on the mainland, and limited agricultural areas and an extended Greek coastline have allowed Greeks to sail since ancient times. One of the successful figures of modern Greek marine business is [Panagis Zissimatos](#). He is the owner and founder of the maritime company called Adriatic Tankers, a global oil transportation service in the 1980s.

Panagis Zissimatos is a visionary marine businessman and has successfully grown his business globally. He explained the marine business nowadays, the increase in import and export is paired with the economic condition in different countries. This also leads to the growth of the maritime logistics and services market in 2021. The global need for cost-effective and safe shipping also drives the growth in the maritime logistics and services market. Other than that, the growth of automation and digitalization and the development of new ports in developing countries also lead to the growth of the maritime logistics and services market.

The coronavirus pandemic has sent shockwaves through global maritime transport. As an experienced marine entrepreneur, [Panagis Zissimatos](#) stated, *"After the maritime market plunged in 2020, The global maritime transport and businesses will return to growth in 2021. And there are some good stocks in marine sectors to buy."*

Although in 2020, the stock market and finance plunged due to the COVID-19 pandemic. There are some good stocks to buy from marine businesses. They include Torm Plc - Ordinary Shares - Class A (TRMD) with 665.01% return in 1-year, Globus Maritime Ltd (GLBS) with 477.99% return in 1-year, Performance Shipping Inc (PSHG) with 455.42% return in 1-year, Sino-Global Shipping America Ltd (SINO) with 357.78% return in 1-year, and many more.
