

Rapper, 4gmusiq, Meets with Several Producers to Discuss an Album in the Works

California, Los Angeles, Jan 24, 2021 ([Issuewire.com](https://www.issuewire.com)) - It's official! 4gmusiq plans on dropping an entire project this fall. The name for the project is undecided, but he did tell us that there are "huge features scattered through the project." Earlier this year he was in contact with Wizkid's label, Starboy Entertainment. We are told that he was made contact with the hip-hop group, "ShittyBoyz" as well.

With that being said, whatever this project contains, we are ready and sure it's worth the hype. The good news is that 4gmusiq will be releasing TONS of singles until July this year.
