

Renni Rucci , MariahLynn , and Jhonnie Blaze take on a Cameron Cartee Production !

Queens of the Industry Set the Beat on Fire with "Get Along."

Georgia, Atlanta, Jan 25, 2021 (Issuewire.com) - With a hit like, "Get Along" you cannot help but want to know more about the ladies gracing the track. Sticking to their identity in this one. Renni Rucci keeping it classy and bossy. While MariahLynn verse stays transparent to her dope personality. Jhonnie Blaze vocals seem to get better every track she kills. Hopefully, we get more tracks like this one. These ladies shine in the industry, so of course, they are only going to murder a track like "Get Along."

Cameron Cartee, the multi-platinum and award-winning Producer/Engineer out of Atlanta, is back with his newest release. This time, he has teamed up with some heavy hitters. His new single “Get Along,” features Renni Rucci, Salma Slims, MariahLynn (star of Love & Hip-Hop), and Jhonni Blaze(also a star of Love & Hip-Hop and Growing up Hip-Hop). This all-female crew brings uptempo, high energy, thoroughly put together anthem. Cameron Cartee linked with JameyOnTheBeat and WayneOnABeat (who has produced hit songs for Polo G, Meek Mill, Chris Brown, etc.) to produce the single. “It started with an idea and melody I had, which I gave to Jamey to collaborate on. Then, I decided it needed some type of break down and Wayne was the perfect guy for that.” “I locked in with Renni and she laid down a verse for me. From there I thought of Salma, she’s so dope, she did the hook. I sent the song to MariahLynn to give the song a different type of attitude. Then, I thought of Jhonni Blaze. What better than a beautiful voice on a song you did not see coming.” Cameron Cartee teamed up with UnitedMasters to release the song. “UnitedMasters has just always been my go-to for distribution, they are easy to deal with lol.” “Get Along” is set to release on March 13th.
