

Richard J. Anderson, DDS, a Dentist with Anderson Dentalcare

Get to know Dentist Dr. Richard J. Anderson, who serves patients in Edina, Minnesota.

New York City, Jan 14, 2021 ([Issuewire.com](https://www.issuewire.com)) - An award-winning dentist, Dr. Anderson is the Founder of Anderson Dentalcare in Edina, Minnesota. From orthodontics, including Invisalign, to oral reconstruction, cosmetic restoration, teeth whitening, and implants, he has been providing high-quality personalized care in an environment of trust and excellence for over 35 years.

“Here at Anderson Dentalcare, we are committed to providing an atmosphere of excellence, trust, and caring for all patients by delivering the highest quality and most comprehensive dental services available today. We are fortunate to have the benefits of many high-tech solutions for solving problems and we search long and far to find new ways to make dental treatment easier with longer-lasting and better-looking results” as stated on the practice’s website.

Continuing to seek out the latest in advanced techniques to benefit his patients, Dr. Anderson utilizes the latest technology to assure excellent outcomes. This starts with electronic records that help increase accuracy and saves on waste; digital x-rays with three-dimensional analysis and digital intraoral photographs help to create a collaborative process of discovery and diagnosis. Add to that: laser diagnostics for efficient cavity detection; high-resolution intraoral imaging to better understand treatment recommendations; and state-of-the-art electronic billing, insurance, and patient communication systems.

Dr. Anderson graduated number one in his class, both academically and clinically, from the University of Minnesota School of Dentistry. And then, in a search to be able to deliver the most comprehensive care possible, he has studied with national and international leaders and compiled a long list of advanced education. This includes a two-year course of study in Orthodontics, Dental Orthopedics, and TMJ treatment, a one-year program in Esthetic and Cosmetic Dentistry treatment, and advanced studies in Implants, Surgery, and Laser Gum Treatment.

Embarking on the path to dentistry with a background in engineering, Dr. Anderson holds a bachelor’s degree in mechanical engineering and a master’s degree in biomedical engineering. Applying engineering to dentistry enables him to understand the science behind the materials and techniques he uses, as well as to appreciate the importance of strong, healthy teeth and gums, and the benefits a beautiful smile can have. He frequently says that Dentistry is Oral Engineering. He has done research on how teeth fracture, TMJ analysis and treatment, and dental materials.

Dr. Anderson is active in giving back to the educational process. He has been a Clinical Associate Professor at the University of Minnesota School of Dentistry in the Advanced General Dentistry Program. It is a post-graduate program for dentists to obtain additional experience and education following dental school. He held the position of Clinic Coordinator and has lectured in areas including orthodontics, full mouth reconstruction, and office management.

In recognition of his achievements, Dr. Anderson was elected to membership in the Omicron Kappa Upsilon Honor Society, which includes only the top 5% of dentists nationwide.

Additionally, he is a member of the American Dental Association, the Minnesota Dental Association, the Academy of General Dentistry, the American Academy of Cosmetic Dentistry, and the Mid-America Orthodontic Society.

Dentistry, also known as Dental and Oral Medicine, is a branch of medicine that consists of the study, diagnosis, prevention, and treatment of diseases, disorders, and conditions of the oral cavity. Dentists diagnose and treat dental issues and help patients develop better oral hygiene regimens. They clean teeth, correct bite issues, perform surgeries and extractions and perform other duties to ensure that the teeth and mouth are healthy.

Listed as a “Top Dentist” in Minneapolis/St. Paul Magazine, “Best Dentists of Minnesota” in Minnesota Monthly Magazine, and “Best of Edina” in Edina Magazine, Dr. Anderson has been the recipient of numerous awards including the Allen T. H. Bluhm Award for leadership, scholarship, and character in

dentistry, the General Dentistry Award for achievement in comprehensive care, the American Cancer Society Award, and the Alpha Omega Award for outstanding achievement in dentistry. He has also been active in organized dentistry, having been president of the University of Minnesota Dental Alumni Society and an associate editor of the dental journal, Northwest Dentistry.
