

Robert D. Haar, MD, an Orthopedic Surgeon with Haar Orthopedics & Sports Medicine

Get to know Orthopedic Surgeon Dr. Robert D. Haar, who serves patients in New York, New York.

New York, New York City, Jan 27, 2021 (Issuewire.com) - Having earned a prestigious position among world-renowned orthopedic surgeons, Dr. Haar is the Owner of Haar Orthopedics & Sports Medicine in New York, New York. He specializes in the treatment of a variety of orthopedic conditions and has special expertise in the following: total knee, partial knee, knee arthroscopy, shoulder

arthroscopy, ACL repair, and ACL reconstruction.

Though Dr. Haar is globally acclaimed for sports medicine, he has mastered non-surgical as well as surgical orthopedics, thereby helping candidates from all age groups all across the world. His orthopedic specialty clinic - Haar Orthopedics & Sports Medicine - is celebrated for the implementation of cutting-edge technology for performing major surgical procedures like joint replacement surgeries, prosthetics, cartilage preservation procedures, repairment surgeries, and various other minimally invasive procedures. The procedures are performed with the thorough assistance of renowned surgeons with decades of experience, which guarantees the complete safety and security of the candidate.

Among his various academic and clinical appointments, Dr. Haar is a Clinical Instructor at the Icahn School of Medicine at Mount Sinai; the Medical Director of Regency Healthcare Medical, PLLC Office-Based Surgical Facility; and the President of Midtown Surgical Center. He is also affiliated with Lenox Hill Hospital.

Enriched with over 40 years of experience, he is at the cutting edge of his field, performing state-of-the-art orthopedic and arthroscopic procedures. Every patient of Dr. Haar's is treated with dignity and respect. All treatments whether non-surgical or surgical are individually tailored to each patient's requirements and activity demands.

A native of New Jersey, Dr. Haar completed his undergraduate work at Rutgers College and received his medical degree from Tufts University School of Medicine. He completed his internship at Montefiore Medical Center and Albert Einstein College of Medicine, and his residencies in general surgery and orthopedic surgery at Albert Einstein College of Medicine. To this day, he continues to take advanced post-graduate courses and seminars.

A member of the American Academy of Orthopedic Surgeons, the doctor is board-certified in orthopedic surgery by the American Board of Orthopedic Surgery (ABOS). The ABOS is an organization with the goal of establishing educational and professional standards for orthopedic residents and surgeons as well as evaluating the qualifications and competence of orthopedic surgeons.

Orthopedic surgery is the branch of surgery concerned with conditions involving the musculoskeletal system. Orthopedic surgeons use both surgical and non-surgical means to treat musculoskeletal trauma, spine diseases, sports injuries, degenerative diseases, infections, tumors, and congenital disorders.
