

## Robert Leckie, MD, a Radiologist with William Bee Ririe Hospital and Rural Health Clinic

Get to know Radiologist Dr. Robert Leckie, who serves patients in Ely, Nevada.

**New York City, Jan 18, 2021 ([IssueWire.com](https://www.issuewire.com))** - Dr. Robert Leckie is a radiologist with North Star Radiology who supports several hospitals in northern Nevada and Northern California. He and his wife Alesandra started the group in 1997. Dr. Leckie is a former Chief of Staff of Northern Nevada Medical Center and is the President of North Star Radiology. He has been recognized by Nevada magazine as one of the top 100 physicians in Nevada and only one of three Radiologists. He practices in northern Nevada at Northern Nevada medical center in Sparks, Pershing General Hospital in Lovelock, Humboldt General Hospital in Winnemucca, and William B. Ririe Hospital in Ely. In Northern California, he works at Banner Susanville hospital in Susanville, Seneca Hospital in Chester, Plumas District Hospital in Quincy, and Eastern Plumas District hospital in Portola.

In his professional experience, he is affiliated with Banner Lassen Medical Center, Northern Nevada Medical Center, Plumas District Hospital, and Seneca District Hospital. He also cooperates with other doctors and physicians in medical groups including Northstar Imaging Inc.

Graduating with his medical degree from the University of Virginia School of Medicine in 1987, Dr. Leckie pursued further training. He performed his residency in internal medicine at Letterman Army Hospital in 1988, and his residency in radiology at Tripler Army Medical Center in 1992.

Subsequent to his education, the doctor attained board certification in diagnostic radiology through the American Board of Radiology (ABR). The ABR is a not-for-profit physician-led organization that oversees the certification and ongoing professional development of specialists in diagnostic radiology, interventional radiology, radiation oncology, and medical physics.

Radiology is a medical specialty that uses medical imaging to diagnose and treat diseases within the human body. Radiologists are medical doctors who specialize in diagnosing and treating injuries and diseases using medical imaging procedures, such as exams and tests, X-rays, computed tomography, magnetic resonance imaging, nuclear medicine, mammography, positron emission tomography, and ultrasound.
