

Serenity Diagnostics Announces Mobile Phlebotomy Service in the Bronx, NY

The company specializes in providing Phlebotomy service for patients who can't visit the labs. Serenity Diagnostics currently serves the Bronx, NY and surrounding areas including Brooklyn, Queens, Manhattan and Westchester.

New York, Bronx, Jan 26, 2021 ([Issuewire.com](http://www.Issuewire.com)) - *The company specializes in providing Phlebotomy services for patients who can't visit the labs. Serenity Diagnostics currently serves the Bronx, NY, and surrounding areas including Brooklyn, Queens, Manhattan, and Westchester.*

During the pandemic, many people rely on delivery services to replace the way they visit public places like restaurants. Delivery services like a food delivery service emerged during the pandemic. This is

because of travel restrictions to avoid the spread of COVID 19 viruses. Serenity Diagnostics, one of the reliable Phlebotomy service providers in the Bronx, NY also obeyed the regulations that applied during a pandemic. They offer Mobile Phlebotomy Service for efficiency and health safety for the patients and staff.

Serenity Diagnostics, a prominent Phlebotomy service provider, has announced its Mobile Phlebotomy Service with trained and friendly staff. Serenity Mobile Diagnostics presents Phlebotomy service for homebound patients, in Bronx city and surrounding areas, including Manhattan Brooklyn, Queens, and Westchester.

Shakeva Brown Nnaji, the company representative explained, *“With our Mobile Phlebotomy service, our patients don’t have to travel outside visiting labs. Our friendly and well-trained staff will visit patients’ home or their offices. Our service is hassle-free Phlebotomy. Our patients don’t need to go to the labs to test their blood. This way, our patients will be free of mind, feel more convenient, and the most important thing is they can continue with their work or get rest in the comfort of their home.*

Serenity Mobile Diagnostics is a licensed and professional Phlebotomy service provider and has many years of experience in the Phlebotomy Business. The company offers a wide range of services including Direct Lab Orders, Select Speciality Lab Kits, Specimen Pick Up/Drop Off, Biometric Wellness Events, At Home Lab Delivery, Covid-19 testing, Pregnancy Tests, Pregnancy Tests, Pregnancy Tests, Physician Orders, Routine Draw, STAT Lab Draw, and Pediatric Draw. Serenity Mobile Diagnostics is available to serve its service to homebound patients, corporate offices, nursing homes, and clinical events.
