

SFarmsIndia Launches Full Stack Agri Land Services

Hyderabad, Jan 6, 2021 ([Issuewire.com](https://www.issuewire.com)) - SFarmsIndia.com, India's first Agri land marketplace, has announced Agri land services needed for pre and post agriculture land registration. These services for both buyers and farmers include packages such as Land survey, RSR/revenue document verification, Legal verification, Document writing & registration guidance, Subdivision and landmarking, Mutation guidance, Pattadar/title passbook guidance, and farmer certificate guidance. While most of these services are available around 16 states (both south and north states) and plans are underway to offer these services in north-eastern states.

SFarmsIndia has partnered with licensed surveyors, document writers, legal experts, and international farm management solution companies to ensure a quality user experience. Over time, more allied services will be added to the platform.

"We have established for the sole purpose of enabling farmers and non-farmers alike to discover, buy, and sell Agri lands, eco farms, small farms, and estate lands. Since inception, we have continually achieved our ultimate goal of reaching farmers' satisfaction and building buyer's trust. With an aim towards replicating the same model in the Agri land allied services and to make SFarmsIndia a one-stop-shop for everyone transacting in the Agri land realty", said Kamesh Mupparaju, CEO, SFarmsIndia.com.

About SFarmsIndia

SFarmsIndia is an online Agri land marketplace with two core functions; listing and fraction transacting. These two functions work together, creating a great synergy.

SFarmsIndia aims to systematically engage in the so-far untapped Agri Realty Market by changing the way agricultural land is transacted across India. It has covered around 16 states with 4000 plus listings, 14500 registrations, and 130K search views.

Technology is the core of SFarmsIndia's business operations. Using technology, they intend to create an effective and efficient platform for Agri lands to eliminate the middlemen who inflate the prices. For further information <https://sfarmsindia.com/>
