

Society for Homeless Americans Granted 501c3 Status

Now Seeking Tax Deductible Donations

Utah, West Jordan, Jan 26, 2021 ([IssueWire.com](https://www.issuewire.com)) - Society for Homeless Americans, Inc was founded in 2003 to advocate for the homeless. The crisis has become so massive advocacy is alone is not enough. So we have evolved into a provider of transitional and permanent housing in addition to advocacy. The founder/CEO authored a bill proposal for changes to the HUD policy in an effort to make the Housing Choice Voucher Homeownership Program more accessible. We feel this could be a game-changer in affordable housing availability. The organization is now seeking donations. A Go Fund Me Campaign, <https://gofund.me/b71a0851> while direct donating is being set up. Society for Homeless Americans is a registered charity with Amazon Smiles and eBay Charities. "Homelessness doesn't end when a roof is found". The aftermath can haunt a person for a lifetime.
