New York City, Jan 14, 2021 ([Issuewire.com](https://www.issuewire.com)) - A skilled radiologist, Dr. Misra has a special interest in musculoskeletal imaging. He is a part of the team of professionals at Tristate IMG, a pioneer in diagnostic imaging in Greater Cincinnati.

Tristate IMG is a group of private practice medical imaging specialists located in Greater Cincinnati that has an exclusive contract to provide diagnostic and interventional imaging services to the TriHealth

system. It is an exceedingly trustworthy organization that has been the sole provider of imaging services since the inception of the radiology departments at Good Samaritan Hospital in 1931, Bethesda North Hospital in 1971, and the founding of Beacon Orthopedics. Since then, Tristate IMG has grown to over 30 radiologists located at 20 locations across the Greater Cincinnati area.

With a proven track record of providing compassionate, state-of-the-art diagnostic care, Dr. Misra is affiliated with a number of hospitals in Ohio. These include Good Samaritan Hospital at Evendale, Bethesda Butler Hospital, Bethesda North Hospital, McCullough-Hyde Memorial Hospital, and Select Specialty Hospital - Cincinnati.

The doctor's acclaimed career in medicine began after he earned his medical degree from the University of Pittsburgh School of Medicine in 2010. He then went on to serve his internship at the University of Pittsburgh Medical Center in 2011 and his residency in radiology at the Mallinckrodt Institute of Radiology in 2015. He subsequently completed an additional residency in radiology at Barnes-Jewish Hospital, followed by a fellowship in musculoskeletal radiology at the Mallinckrodt Institute of Radiology in 2016.

With a commitment to excellence, Dr. Misra is board-certified in diagnostic radiology by the American Board of Radiology (ABR). The ABR is a not-for-profit physician-led organization that oversees the certification and ongoing professional development of specialists in diagnostic radiology, interventional radiology, radiation oncology, and medical physics.

Continuously advancing his efforts, he is a member of the Alpha Omega Alpha Honor Medical Society, the American College of Radiology, the American Roentgen Ray Society, and the Radiological Society of North America.

Radiology is a medical specialty that uses medical imaging to diagnose and treat diseases within the human body. Radiologists are medical doctors who specialize in diagnosing and treating injuries and diseases using medical imaging procedures, such as exams and tests, X-rays, computed tomography, magnetic resonance imaging, nuclear medicine, mammography, positron emission tomography, and ultrasound.

On a more personal note, Dr. Misra speaks both English and Hindi.
