

Up coast Wealth Management Celebrate their Tenth Anniversary in Tokyo

Tokyo, Jan 17, 2021 ([Issuewire.com](https://www.issuewire.com)) - Over the last decade, Up Coast Wealth Management have firmly cemented their credentials as a major player within the Asian and Global Marketplaces respectively, and as they continue to grow – in terms of staff and physical space they have always kept a focus on retaining the founding core values that have made them so distinctive.

With its achievements and development in Tokyo, the framework of the 10th Anniversary celebrations was in the main to thank the loyal staff and partners that have stood alongside the company as it has grown from strength to strength.

CEO Anzu Fumiko said that in not only focusing on service levels, after ten years, thanks to good policies in benefiting and taking care of workers, rising from only 5 when we started the operation to over 120 today.

“Whatever success and glory Up Coast has gained today, we’d like to thank all of you, our dear employees, who have been so passionate about the company’s development”.

The road ahead is certainly unknown with the Covid 19 pandemic hitting every corner of the globe but we must be diligent and stay focused to ensure our clientele receive the same dedication and passion they have received to date.
